

PROFESSIONAL SUMMARY

Highly motivated and experienced Mechatronics Technician with a strong background in programming languages such as C++ and proficiency in designing control systems. Proven team management skills and ability to adapt solutions for operational use.

WORK EXPERIENCE

Lead Engineer at Kawasaki

September 25, 2025 - October 12, 2025

- Managed teams effectively, ensuring timely completion of projects

- Utilized technical expertise to design and develop innovative control systems

Engine Specialists at Honda

September 1, 2025 - October 11, 2025

- Designed and implemented control systems for various applications

- Collaborated with cross-functional teams to deliver high-quality results

EDUCATION

Technician in Mechatronics at Technician School

September 5, 2025 - October 12, 2025

- Gained comprehensive knowledge of mechatronics principles and practices

SKILLS & COMPETENCIES

- Programming languages: C++ (proficient), LabView, MATLAB

- Control systems design and development

- Team management and collaboration

- Strong problem-solving skills with attention to detail
